

Forget About Today

The general store on Main Street
's been boarded up for years
Kathy's diner's closed now
It's the Taco Bell frontier

Been livin' off of welfare
'Cause the factory closed down
Jobs are few and far between
But I guess I'll stick around

Come closing time you'll find me
At Jimmy's Sports Cafe
Cause the only thing I'll do tomorrow
Is forget about today

I'll peel the label off of this here Bud
Raise my bottle to your bet
Crumbled coasters on the bar
Going nowhere fast

Guess I should be leavin'
But my pickup truck's a wreck
The greyhound bus don't stop here
There's only rusty railroad tracks

Come closing time you'll find me
At Jimmy's Sports Cafe
Cause the only thing I'll do tomorrow
Is forget about today

My pace has gotten slower
Soon I will be crawling
But I shuffle when I walk
And sting like a bee
Ali's got nothing on me
My drunken dreams still scrape the sky
But winter's drawing near
I'll be stuck on this here bar stool
Hey buddy wontcha buy me a beer

I'll end up like one of them mongrel dogs
Givin' everyone the chills
Howlin' and singin' the boneyard blues
Up on cemetery hill

Come closing time you'll find me
At Jimmy's Sports Cafe
Cause the only thing I'll do tomorrow
Is forget about today
