

Just Another Lie

© 2005 Matthieu Brandt

So now your leavin'
You're saying goodbye
I guess I got what I paid for
Won't ask you why

I ate up all your stories
Like a dog chews a bone
They left me feelin' empty
Now I'm going down that lonesome road

Your tears don't fool me
I made many a girl cry
I know when sorrow's real
And when it's just another lie

Your pretty face and seductive smile
Were only loyal for a little while
Now that all is said and done
You're in love with some other one

Broken trust is my ball and chain
I only have myself to blame
Next time I'll look the other way
Love ain't ever gonna be the same

Your tears don't fool me
I made many a girl cry
I know when sorrow's real
And when it's just another lie

Your tears don't fool me
I made many a girl cry
I know when sorrow's real
And when it's just another lie

So now your leavin'
You're saying goodbye
I guess I got what I paid for
Just another lie
